April 2025

Dear Parents and Carers,

IMPORTANT INFORMATION

Building Work – Front of school

From Easter onwards, there is a major building project starting at the front of school with a new corridor being built across the front of the building, work on the drainage systems and a new surface being laid in the entrance area.

It will have a huge impact on the running of school for about 14 weeks (Summer term) so we ask for your patience during this time.

Front Entrance

This will no longer be able to be used for access to the building. **Our temporary main entrance will be relocated to the brown door (in the car park).** This will now be able to be accessed via the gate and path at the side of the field. The gates and fencing have all been adapted to ensure that all children / visitors are safe.

Y2 – Y6 Children will enter and exit via the same path each morning and end of day. Then the gate by the Stepping Stones play area will be locked and the children will not have access to the full path for the remainder of the day.

Parents / Visitors will not be allowed to enter the building to wait for pupils or meetings (due to safeguarding) unless they are supervised or with the person that they are meeting with. All adults will have to wait outside of the building.

We will also be unable to accommodate any early collections at the end of the day. All children will need to be collected from the school yard.

The KS2 gate will be open first thing in the morning for children to access breakfast club (via the temporary entrance) - all other children will have to wait outside the open gate until 8.45am when a member of SLT goes down to allow them in and opens the side path gates. There will be school staff for the first few days to direct children and adults to the correct places.

Breakfast Club

This will need to relocate to the Stepping Stones / After School Club room for the time that the work is being completed. Then children will be able to come in via the new main entrance (side path) and use the bell. The gate will have to be opened by 7.45am each morning.

After School Club

This will be as normal.

St Mary & St Paul's

CE Primary School

EYFS

There is a new gate added to the EYFS play area (on Bryer Road) so that Nursery, Reception and Y1 children can enter here each morning (or pm Nursery session).

In the afternoon, Nursery and Reception classes will be collected from this new gate.
Year 1 are to be collected from the school yard as normal.

Inside the new gate in the main fence will be a mesh and block fence (with a gate inserted in it) to keep the EYFS children away from the main gate. This can then be opened and locked at the start and end of the day.

We understand that there will be a considerable amount of inconvenience and disruption to the start and end of the school day – we ask for your patience with this. The safety of all of the children / visitors to the school site is paramount at all times.

Yours sincerely,

P Brooksbank
Headteacher
